Qazi Salman Ahmad - Personal Profile

Personal Details

Full Name: Muhammad Salman Ahmad CNIC #: 35202-7177545-7
Date of Birth: Jan 05, 1983 Domicile: Punjab
Nationality: Pakistani Religion: Islam
Place of Birth: Model Town, Historic City of Lahore
Father's Name: Qazi Aftab Ahmad (late) – (April 16, 1946 – July 20, 2011)

Objectives

Capable of achieving objectives as demonstrated by my professional career. Excellent verbal and written communication skills and an ability to relate to a wide range of people. With high degree of competence & years of experience since **2003** in the field of Web Application Development, I am capable of achieving results. However, ambitious with a clear view of future objectives and educational goals, I am keen to find a role-playing position within a progressive organization as a team member to be productive and stay well versed with the latest technologies being used in Web Application Development today using **Agile, Sprints & SCRUM**, specifically either **Server-End** programming in **PHP, Core Java** or **Web/Mobile/Desktop Application Development** using Laravel Framework tool-set: **Laravel 4.1.1 to 8.x** for **Server Apps** and **API development in Laravel & Lumen Micro-services Framework**, and **Ionic Framework** for **Hybrid Mobile Apps: NodeJs 12.18.4, npm 6.14.6, Ionic Framework, Angular, Typescript**.

While I use **Bootstrap, Blade Templating, Vue.js** for **Front-End**.

Databases I worked with are **MySQL/MariaDB Community Versions, PostgreSQL/Postgres, SQLITE, Derby, Oracle** etc.

Education

2007

- **BS Computer Science (Hons.)**
 - Virtual University Of Pakistan

2002

- **ICS (Intermediate in Computer Science: Mathematics, Statistics, Computer Science)**
 - Quran College of Arts & Science, Lahore

2000

- **Matriculation (Mathematics, Physics, Chemistry, Biology)**
 - Divisional Public School, Model Town, Lahore

Courses & Workshops

- **Laravel Framework Certification from EVS Professional Trainings (E-Ventures Solutions), Gulberg III, Lahore. (2018)**
- **.NET Zero 2 Hero in a Day from MicrotechX, Johar Town, Lahore.**

Microsoft SQL Server, C#.NET, Visual Studio Code, *etc.*

● **Graphics and Web Designing Course (Flash Commerce)**

- Edge **Systems International** – Phone: 5885863, 5885873

Ref#: [SPR/Edge/GE23/Nov/001](#)

Course Included: Corel DRAW 10, Photoshop 7.0, Dreamweaver MX, Fireworks MX, Macromedia Flash MX (ActionScript 1.0, 2.0 & 3.0), SOAP & REST APIs Integrations with Macromedia Flash ActionScript 2 & 3 frontend data source Integrations for RIAs (Rich Internet Applications), HTML & ASP 3.0 (Classic) for Database Connectivity with Microsoft Access. XP 2001.

● **Workshops & Seminars**

- .NET Framework – Edge **Systems International**
- WAP Technologies – Edge **Systems International**.
- VB 6.0 – FORCE Institute of Computer Sciences
- J2EE (Java 2 Enterprise Edition) – FORCE Institute of Computer Sciences
- C++ (Object Oriented Programming/OOPs Concepts) – FORCE Institute of Computer Sciences

Skill Sets

PROGRAMMING TOOLS

- ***Ionic Framework***
- ***Laravel Framework***
- ***Lumen Micro-services Framework***
- ***Angular***
- ***NodeJs***
- ***TypeScript***
- ***Vue.js***
- ***PHP 4.3.x, 5.4.x, 5.5.x, 7.x.x, Laravel Framework, KOHANA FRAMEWORK ver 2.3.4 & ver 3.3.x (HMVC Framework - PHP)***
- ***Agile methodologies, Sprints & SCRUM***
- ***EXIF, FFMPEG, Tortoise SVN, Git / GitHub, etc***
- JavaScript / AngularJS / AJAX / jQuery 1.9.2+, jQuery UI / Custom jQuery Plugins
- SQL with ***MySQL/MariaDB, PostgreSQL/Postgres, Derby, Oracle, SQLite*** using MySQL Workbench, PhpMyAdmin & HeidiSQL.
- Theme Development for WordPress 3.x.x up to 3.9 which launched recently in April 2014.
- ***J2EE, Java, Servlets, AWT & Swing components, JSP, JSF, Java/MySQL/Derby, Netbeans IDE, Eclipse INDIGO/JUNO, Nuxeo EP (Enterprise Platform), Nuxeo DAM (Digital Assets Management)***
- ***ActionScript 2.0 & v3.0 + MXML***
- ***Adobe Flex Framework 4.6***
- ***Adobe Flash Builder 4.6 Premium***
- ***ASP 3.0 (Classic Version)***

DATABASE DESIGN TOOLS

- MySQL/MariaDB [for database design]
- PostgreSQL [for database design]

CORE SKILLS

- ***Ionic Framework***

- **Laravel Framework**
- **Angular**
- **NodeJs**
- **TypeScript**
- **Adobe Flash Builder 4.6 Premium [with Flex Framework 4.6, MXML, ActionScript 3.0]**
- **Adobe Flash CS3/CS4 (ActionScript 2.0/3.0 ; web services integration)**
- **PHP/MySQL backend, Wordpress, Laravel, KOHANA Framework version2.3.4, version3.3 (<http://kohanaframework.org>).**
- **Agile methodologies, Sprints & SCRUM.**

- **<http://www.CyberEyesVTO.com/> – CyberEyesVTO (Virtual Try On)**

Description: CyberEyesVTO offers solutions for online searching & purchasing of eye-glasses's frames, sunglasses, lenses etc. from a particular Retailer with an account with CyberEyesVTO.com in the US, out of 100's affiliated with CyberEyesVTO, according to the medical prescriptions by consulted Eye Specialist for the particular patient. Retailers are added by the CyberEyesVTO Admin. Customers/Patients can also Virtually Try On their selected frame or Sunglasses from a wide range of manufacturers dealt by their local Retailer/Eye Specialist on CyberEyesVTO.

Virtual Try-On (VTO) the major in-depth functionality, Shopping Cart, Frame Search, Wishlist and all implicit requirements of the application accomplished using Macromedia Flash

Actionscript 2.0 broken down into small & simple Components but smart enough to allow scalability with flexibility to be extended in future.

Whole Application is run with the use of XML, generating XML on the fly to save the items in Cart, Wishlist and patient preferences in Virtual Try-on section.

Backed by the power of ASP.Net and Web Service the application is fully integrated with front-end in Flash. Data requests are served by ASP.Net based Web Service returning XML responses and the parsed to be used in Flash front-end.

Highly sophisticated approach was employed to developed this application based on a brilliant idea by this US based Client to come up with this cool case for both the Optometrists/Eye Specialists, Patients and world leaders in the arena of Eye Glasses & Sunglasses manufacturers like CK and other world famous brands & locally renowned ones in the US.

Developed using: Flash 8, ActionScript 2.0, Integrated with ASP .Net using Web Services.

Ask me for the TEST Username & Password via email: mr.salman.ahmad@gmail.com

- **www.NewEyeGlasses.com – NewEyeGlasses has the same idea as of CyberEyesVTO.**

Designed & Animated using: Flash 8 Professional, Adobe Photoshop CS2, Dreamweaver 8.

- **<http://demo.songnumbers.com> – Site's Animated Tour/Demo designed to enhance user experience.**

Designed & Animated using: Flash 8 Professional, Adobe Photoshop CS2.

- **<http://www.phonecasting.com/> - (Done the Flash Audio Recorder for phonecasting.com using: Flash 8, ActionScript 2.0, Macromedia's Flash Media Server 2.0 (FMS 2) & configured the recording application on the client's Dedicated Server. Also Done various flash demos & Flash Presentations for phonecasting.com)**

- **http://beetle.websitewelcome.com/~ngtpk/FLP/template_edit.php?id=6 - (Flash Business Card System – Done the Flash part for this Business Card Editor, using AS2.0 component based/OOPs Architecture for creating, rescaling, modifying the relevant properties of :**

1.TEXT-FIELDS

2. OVALS

3. RECTANGLES

4. LINES

5. BACKGROUND IMAGES

6. IMAGES

7. CLIPARTS

8. SYMBOLS & SPECIAL CHARACTERS

and generating XML for both Front-side and Back-side of a Business Card & a bit of implementation in PHP/MySQL to save the Card's Elements exported from Flash in the form of XML, to Database & retrieving that XML from Database to Flash again for Editing Again.

Developed Using: Flash 8, ActionScript 2.0, PHP/MySQL – Hosted on a Test Server).
